THE BALD KNOBBERS!

The Execution of the Three Noted Criminals at Ozark, Mo., To-Day.

OZARK, Mo., May 10.—The three Bald Knobbers were executed at this place to-day. All three men were calm and did not seem to be at all even awed by their approaching doom.

The offense for which they were hung was the killing of William Eider and Charles Green, on the night of May 10, 1887. Nineteen of the gang went to the houses of these men and shot them because they condemned the acts of Bald Knobbers. The trial, conviction and subsequent history of the arrested men will be recalled by newspaper readers.

Upon the scaffold a short prayer was delivered by Rev. T. B. Horn, after which all joined in singing a hymn. Then a selection from the Bible was read, another prayer by Rev. Thomas Hanks, and the black caps were drawn, and the noose adjusted. John Matthews then said he had nothing to add to what had been said; he was there but took no part in the crime.

At 9:53 the drop fell. John Matthews was praying as he fell. The stretch of the rope let all fall to the ground. The rope broke and Bill Walker fell upon the ground,

He talked for three minutes, when he was taken up by the sheriff and deputies on the scaffold. Dave Walker was drawn up and died in fifteen minutes. Matthews lived about thirteen minutes and died with his feet on the ground.

The scene was horrible in the extreme. Matthews and Dave Walker were cut down at 10:10. The trap was again adjusted and Bill Walker lifted hepless and groaning and gurgling and almost insensible, the rope again adjusted and the trap sprung. The descent came to a sudden stop with his feet fully thirty inches from the ground and he died without a struggle.

None of the condemned men had reached their fiftieth year, and Bill Walker was not yet twenty.

The criminals executed were David Walker and his son Bill, and John Matthews. The latter escaped from jail last December and afterwards returned and gave himself up, but his nephew who escaped with him is still at large.

STRIKING MINERS.

A Conflict With the Soldiery at Berlin and Several Miners are Killed.

BERLIN, May 10.—Last night a fight occurred at Bochum, between the striking miners and soldiers. Two miners were killed and many wounded. Three miners were killed and several wounded to-day in a conflict with the soldiers at Brookel, Westphalia. The strikers had gathered in a large body and refused to disperse when ordered. The soldiers thereupon fired on them.

A Mine Disaster.

POTTSVILLE, Pa., May 10.—Last evening, at the Kaska William colliery, while the cage containing ten miners was ascending a shaft, it struck an empty car and was shattered to pieces. All the occupants of the cage were instantly killed.

VERY INTERESTING!

The Entertainment Given by the Young People of the Second Presbyterian Church.

The young people of the Second Presbyterian church gave a very interesting entertainment last evening at the City Y. M. C. A. hall. A large crowd was in attendance and the affair netted the church a handsome sum of money. Refreshments were served and a musical program was rendered that delighted all present.

The unique word writing contest, gotten up by Miss Mary Smyser, was one of the features of the evening. The first prize was a tie between Miss Birdie Richey and Mr. G. R. Hench, but the latter gallantly withdrew, and the honors were given to Miss Richey.

In the musical program the Misses Sadie Valentine and Nina Sturgis, two accomplished young ladies of Bluffton, sang beautiful solos and were encored at each appearance. The ladies have sweet voices and their captivating manners and musical abilities won them high praise last evening.

The booby prize was carried off by Master Harry Dotez. The other features of the program were interesting and the entertainment was a decided success in every particular.

OH! FOR A HOME AT DENVER!

The Warmest Day in Eighteen Years at New York and Two Inches of Snow at Denver.

NEW YORK, May 10.—To-day is the warmest 10th of May in eighteen years. All records fail to show that on any previous 10th of May within the period named that the temperature reached 85 degrees by noon, as it did to-day.

The weather officers are puzzled at the peculiar meterlogical condition that prevails. Storms, according to their calculations, should be raging where clear skies prevail. In places where it was warm to an uncomfortable degree yesterday, it was snowing to-day.

At points within only a few hundred miles of each other this morning the temperature has varied from below freezing to summer heat. At 8 o'clock this morning nearly two inches of snow had fallen at Denver, Col.

In Wyoming snow fell nearly all night.

Two hundred miles to the northeast of Denver the temperature was 76°. In the lake regions, where it is fashionable to wear furs and seal skin sacques till June, the weather was as warm as at Key West.

Both regions had clear skies and even temperatures of 70 degrees. Sergeant Dunn, stationed on the top of the Equitable building, was called on by a United Press reporter with regard to the unusual weather and the sergeant said:

"It is very remarkable, at this time, for between May 8 and 14, we usually have a cold spell, or blossom storms. This season we undoubtedly got the cold many weeks earlier than usual, and this section of summer followed. We have had no rain for eighteen days, and I am afraid the crops will suffer severely unless rains are in sight. No heavy rains are in sight."

HOW IS THIS!

Presidential Postmasters Will Serve Their Full Time.

WASHINGTON, May 10.—Postmaster General Wanamaker said to Congressman Williams, of Ohio: "As far as the presidential postoffices are concerned, I wish to say that a rulé has been made that the present incumbents will be allowed to serve out their four years to date from the time of their appointment." As many of the presidential appointments were held up by the senate for a long time, some of them nearly two years, this is a most important ruling.

Anti-Tammanyites Get Left.

NEW YORK, May 10.—Seven hundred laborers employed by the department of public work were discharged to-day by the new commissioner. They were all county democrats and it is proposed to fill their places with Tammany men. Martin J. Kerse, the keeper of the city hall, was also notified that his services were not required. He at once entered a protest. He has been the keeper of hall for several years. He is an anti-Tammanyite.

Miss Clymer is the daughter of the late Dr. Clymer, of the United States navy. She resides with her mother in a comfortable, roomy mansion on H street, adjoining the residences of Judge Bancroft Davis and Mr., George Bancroft. She is wealthy, cultivated, and refined.

Denies the Story.

WASHINGTON, May 10.—Mr. Walker Blaine stated this morning that there was absolutely no truth in the published report that the Danish government had protested against the appointment of Mr. Emander, of Chicago, as minister to Denmark. Mr. Blaine added that it would be only just to Mr. Emander to give this denial the widest circulation.

FACTS.

It is a fact that any American or foreign-born citizen of Fort Wayne can for the sum of one dollar and eighteen cents buy a pair of ladies' fine dress, button shoes that would cost them, elsewhere, a dollar and a half, or a gent's fine, seamless, sewed, nobby style, dress shoe for a dollar and a half, that is a saving of at least fifty cents, or, in fact, on any sort or kind of shoe for man, woman or child, they can save from twenty-one cents to one dollar and thirteen cents by buying where nearly everybody buys, and that is at the Massachusetts shoe company. It is popular because prices are always lower and goods are always found just as represented.

COLONEL ROBERTSON!

The President Will Appoint Him as One of the Members of the Utah Commission.

WASHINGTON, May 10.—Two members of the Utah commission have probably been agreed upon. Ex-Lieutenant Governor Robertson, of Fort Wayne, will likely succeed Judge Carleton, of Terre Haute, and ex-Senator Saunders, of Nebraska, has been practically agreed upon for one of the other places on the commission. The selection of Colonel Robertson will be especially gratifying to his friends in Indiana, and he will fill the position with great credit. There are five commissioners and they each receive $5,000 a year.

Another Pedestrian Contest.

SAN FRANCISCO, May 10.—A six-day pedestrian contest was begun at Mechanics' pavillon last night; the start was made at 10 o'clock. Five hundred and twenty-five miles must be covered to entitle a contestant to a share of the gate money and $2,500 added thereto.

The Weather To-day.

Wasn't it warm? And wasn't it oppressively sultry this morning! Truly our season is a remarkable one. The person who had the fewest clothes on was certainly the happiest and most comfortable. But however scarce ones clothing may be it ought to be good. The store of the "Original Pete," 52½ Calhoun street, is prepared to show a complete stock of goods for warm weather wear, and is offering them at bargains that the public cannot afford to lose. The line of pantaloons and summer coats and vests are in the latest patterns, and are nobby. Mr. Morganthaler has decided to dispose of his stock at bargain prices, rather than carry over goodr.

A Charter Oak Stove with the wonderful wire gauze oven door will be on exhibition and in operation from 10 a. m. to 6 p. m., Saturday, May 11, at H. J. Ash's Stove Store, 9 East Columbia street.

SHE'S A HUMMER!

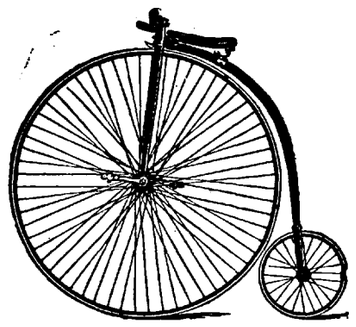

The above cut represents the HOWARD FURNACE, which obtains by its construction, advantages over all others. It is the most Scientific, Practical and Simple heater yet produced. It has the largest radiating surface, wherein the heat is circulated around and contained in the furnace instead of passing directly into the chimney. This furnace does not burn over one ton of coal a month in the coldest weather and in some instances less. This furnace will also heat by means of hot water, thereby reaching distant rooms where hot air cannot. It is low down and can be set in the lowest cellar and still allow hot air pipes to be taken from the top instead of the side of the casting as in all other furnaces.

THE crops in Indiana are suffering seriously from the drouth.

HUNTINGTON wants a belt line, probably to keep the town together.

FOUR THOUSAND immigrants in a single day is the latest from Castle Garden.

GOVERNOR HOVEY expects to issue his proclamation to-day, declaring the acts of the recent legislature in force.

HON. RUFUS MAGEE, of Logansport, will be home next month. He has acquitted himself honorably as minister to Norway and Sweden.

IT is said that Editor John H. Rerick, of the *Standard*, is to be appointed postmaster at Lagrange. Hon. J. B. White is credited with recommending him.

CHICAGO has annexed three suburbs within a week, and this gives the city an increase of 70,000 in its population. The idea is to make a showing for the census.

ALL over Indiana last Tuesday the mayors were elected on reform issues. The demand is widespread for an honest enforcement of the laws and a suppression of public vices.

JAMES F. MORRISON, a former Fort Wayne attorney, was defeated for mayor of Kokomo last Tuesday by twenty-seven votes. All the rest of the republican ticket was elected.

SPEAKING of the city of Fort Wayne, and the recent election, the Indianapolis *Sentinel* says: "It is one of the best governed cities in the country, and, what is more, is always democratic."

MR. JOHN N. SCOTT, of Indianapolis, has been appointed superintendent of construction of the new custom house to be built at Port Townsend, W. T. His salary is $6 per day, and he, too, is a brother of Mrs. Harrison.

SENATOR GORMAN declines the chairmanship of the democratic national committee and says that Mr. Calvin S. Brice will be elected to the vacancy. Senator McPherson, of New Jersey, is also mentioned for the honor.

FRANK W. PALMER, of Illinois, the new public printer, was at one time a congressman, a postmaster and a Chicago editor. He has a practical knowledge of the printing business, but he is a better politician than anything else.

SPOKANE, a horse owned at Helena, Montana, won the great Kentucky derby race and a purse of $4,800 yesterday, at Louisville, beating Proctor Knott, the favorite, and all former records. This is the greatest turf event of the season in Kentucky.

PROF. JOHN COLLETT has been appointed state geologist by Governor Hovey. The appointment means that, if the governor has the power, Prof. S. Gorby, who was elected by the legislature, is ousted from the office. The question will be finally settled in the courts.

THE finest hospital in the world is today in Baltimore. It was built and endowed from the savings of a Quaker merchant named John Hopkins, who held through life that his wealth was a sort of sacred stewardship. He accumulated money for the benefit of humanity and his name will live in history.

THE farmers are complaining bitterly of the low price of wool. Last year the eastern dealers sent out circulars attributing the stagnation in the wool market to the Mills bill, while they and local dealers reaped fortunes under the false pretense. Some reason other than the Mills bill will have to be invented this year. We suggest a failure of the peach crop or some other cause as potent.

BY AN act of the last legislature, a law was passed establishing a board of children's guardians in every city, and defining their duties and powers. Such board is appointed by the circuit court, to serve without compensation. It is the duty of the board to take under their care "children abandoned, neglected, or cruelly treated by parents, children begging on the street, children of habitually drunken or vicious parents, children kept in vicious or immoral associations, and juvenile delinquents and truants." It is necessary, in order to carry out the provisions of this act, that the board employ an agent, whose duty it shall be to investigate cases under their consideration, to serve writs, to collect evidence and perform such other services as may be required of him in looking after these children. Such agent must be a capable person whose time is at the disposal of the board, and worthy a good salary. It is also necessary that a house be rented, furnished, and provided with a matron where such children may be temporarily kept until a final and permanent disposition be made of them. Most of the cities in Indiana are are availing themselves of this measure.

A Chinese theatrical troupe has been organized at Portland, Ore., to make a tour of the United States.

ROME CITY.

The Gossip of Local Interest Up There.

The Rome City correspondents of the Kendallville *News* have this gossip:

James P. Chapman, of our city, sent a choice pike, weighing twelve pounds, to J. F. W. Myer, of Fort Wayne.

Captain White, of Fort Wayne, was the recipient of a fine pike from the hands of our townsman, Rev. I. S. Jones, last week. To all gossipers this has not the least significance towards the postoffice appointment.

John Lane, who is employed by the Fort Wayne Painting company, visited our place and was soon introduced to the puglistic science by one of the boys. John doesn't like the art.

Some of the fellows are not so loud on the postoffice question since they have ascertained that Captain White, of Fort Wayne, is to control the appointments. Soldiers to the front, says Captian White; citizens to the rear, where you stood during the war. Captain White has made some pledges, but always to the men who bore the brunt and heat of battle and served their country faithfully. We admire him for his position taken. How could he do otherwise and be consistent? Soldiers, stand firm to your pledges.

That Tired Feeling.

Afflicts nearly every one in the spring. The system having become accustomed to the bracing air of winter, is weakened by the warm days of the changing season, and readily yields to attacks of disease. Hood's Sarsaparilla is just the medicine needed. It tones and builds up every part of the body, and also expels all impurities from the blood. Try it this season.

Was a Success.

SANTA BARBARA, Cala., May 9.—The trial trip of the United States cruiser, Charleston, was a decided success.

The Eighth Wonder of the World.

The errors of fifty years corrected. A revolution in cooking. A public exhibition will be given of the Charter Oak Stove with the wonderful wire gauze oven door, at H. J. Ash's Stove Store, 9 East Columbia street, Saturday, May 11, from 10 a. m., to 6 p. m. This oven will broil steak in three minutes, and bake biscuits in five minutes. Bread will be one-quarter larger, keep forever, and never mold. Saves all the loss and shrinkage in cooking meats. No basting required. This oven absolutely saves all the labor in cooking, using 33⅓ per cent. less fuel than the common cook stove. A ten-pound roast cooked in an ordinary oven will weigh when cooked six pounds. The same cooked with wire gauze oven door will weigh nine and one half pounds.

Only one real dwelling house remains on Broadway, New York.

Forced to Leave Home.

Over 60 people were forced to leave their homes yesterday to call for a free trial package of Lane's Family Medicine. If your blood is bad, your liver and kidneys out of order, if you are constipated and have headache and an unsightly complexion, don't fail to call on any druggist to-day for a free sample of this grand remedy. The ladies praise it. Everyone likes it. Large size package 50 cents.

A Georgia colored man is very fond of alligators as a food. He captures the sanrians, and, after duly preparing them, cures them as he does his hams.

It is quite generally believed that if Lord Byron had lived a half century later, he would have made one of his famous stanzas to read somewhat thusly:

The drying up a single tear has more
Of honest fame than shedding seas of gore.
Pond's Extract's fame no wonder is so wide,
Which has the tears of countless millions dried.

A cabbage stalk twenty feet high was on exhibition at the Florida Sub-Tropical Exposition. It is the tallest one ever seen in the United States.

JOLIET, ILL.

J. M. LOOSE RED CLOVER CO.—I purchased a box of your Red Clover Pile Ointment of F. P. Goliday, at this place, after using various other ointments without effect. I used several applications of the Red Clover Ointment and have not had any trouble since. I now believe I am permanently cured. My case was not one of the worst, but I have suffered with them over a year, and bled so much I became greatly reduced in flesh. Your ointment acted miraculously, and I am only too glad to speak to the many sufferers of this painful disease. If it cures all who use it as quickly as it did me, you will sell a great deal of it. But I am convinced your Pile Ointment was made to cure, and not like the many others I have tested, to defraud. It is a pleasure to me to say, the Red Clover Pile Ointment has been a priceless blessing to me, and I know it will prove such to others who will try it.

Respectfully, I. V. PARK.

Advice to Mothers.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to take. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle.

ARCH BISHOP WALSH

Testifies Before the Parnell Commission To-day.

LONDON, May 5.—Arch Bishop Walsh resumed his testimony to-day before the Parnell commission. He said that facts which had come to his knowledge proved that the influence of the national league tended to diminish crime in Ireland. The decadence of secret societies had been gradual since 1866.

Three days is a very short time in which to cure a bad case of rheumatism; but it can be done, if the proper treatment is adopted, as will be seen by the following from James Lambert, of New Brunswick, Ill.: "I was badly afflicted with rheumatism in the hips and legs, when I bought a bottle of Chamberlain's Pain Balm. It cured me in three days. I am all right to-day; and would insist on every one who is afflicted with that terrible disease, to use Chamberlain's Pain Balm and get well at once. For sale by George H. Loesch.

Beauty Without Paint.

"What makes my skin so dark and muddy?
My cheeks were once so smooth and ruddy!
I use the best cosmetics made,"
Is what a lovely maiden said.
"That's not the cure, my charming Miss,"
The doctor said—"remember this:
If you your skin would keep from taint,
Discard the powder and the paint.
"The proper thing for all such ills
Is this," remarked the man of pills:
"Enrich the blood and make it pure—
In this you find the only cure."
Dr. Pierce's Golden Medical Discovery will do this without fail. It has no equal. All druggists.

Catarrh Cured.

A clergyman, after years of suffering from that loathsome disease, Catarrh, and vainly trying every known remedy, at last found a recipe which completely cured and saved him from death. Any sufferer from this dreadful disease sending a self addressed stamped envelope to Prof. J. A. Lawrence, 88 Warren St., New York City, will receive the recipe ree of charge. O13deod4m-weow15t

Rome City for 1889- Excursion Season.

An elegant new station house, capable of protecting fifteen hundred people from sun or rain. The island has been improved, sleeping rooms overhauled, buildings painted, new restaurant and dance hall erected. All the old buildings have been painted, and with two dance halls, enlarged restaurant, with twenty-five new clinker boats added to the already large fleet there, makes Rome City the most attractive, cleanest and best resort for picnics or excursion parties in Indiana.

The lake is large; nicely wooded banks surround it, clean gravel or sand shores; no black muck or wild grass to prevent the landing of row boats at almost any point desired; while those desiring to view the beautiful waters, without partaking of the pleasure of boat-riding, can do so seated upon the lake's beautiful banks, nicely shaded, thus avoiding the hot rays of the burning sun.

A Perfect Laxative

should be mild, prompt, and pleasant, with no griping or purgative effects. It should also incite the liver to action, aid digestion, and relieve the kidneys. Like nothing else, Paine's Celery Compound is a perfect laxative, and cures constipation where all other remedies fail.

"As a gentle laxative, Paine's Celery Compound is surely without a peer. I think I ought to know, since I have tried remedy after remedy for about five or six years and have found nothing that equals it in my case of costiveness." J. B. JENKINS, Teacher, Cloyd's Creek, Tenn.

Put up in this style of Bottles only. I have used Johann Hoff's Malt Extract for the past five years in my private practice and have found it to be the best health restoring beverage and tonic nutritive known. I have found it especially good for persons convalescing from fever, in cases of dyspepsia, for mothers nursing, and in cases of weakly children, and also in lung troubles. My attention was drawn by the immense importation semi-monthly, and about a million of bottles imported by you have passed my inspection in the Custom House satisfactorily for the past five years.

Yours respectfully,

LONG LIFE.

There is nothing in the world more generally desired than long life, yet the majority of people put off caring for their health—not because they are really careless, but because we live our lives at such a pace we have not time to give the subject sufficient thought until we receive a reminder in the shape of a severe illness.

Then, too, we are constantly bewildered by the various schools of medicine, and the physicians who represent them, and often blunder in our choice of a doctor.

If people only knew that the very best health-keeper, life-preserver and disease preventer that has yet been discovered, is simmered down into a concentrated and very palatable form in the shape of New Style Pleasant Taste Vinegar Bitters, they would not hesitate a moment to try it.

But they do not know. How can they know, when so many not only worthless, but positively injurious drugs are constantly flooding the market under various names and guises, that the New Style Vinegar Bitters is as bad as any of them?

They do not know, of course, unless they have the courage to try the New Style. It straightens out a tangled-up system in a very short while, and those who buy it once buy it always.

Why don't you try it, reader? It is sent out by a responsible house, and is exactly as represented. It costs but a dollar for a very large bottle. Try it once and you will never be so glad of anything in your life. Your druggist may not have it, but he will order it for you. Be sure it says New Style Pleasant Taste on carton and bottle before you take it. Try it, and you will feel happier than if you had found a gold mine, for it really is a mine—of health.

Free from alcohol and opium; composed of expensive herbs and roots, with fine, delicate flavoring.

FRIDAY'S FACTS

In the Way of News as Our Reporter Finds Them Around the Busy Centers.

The excursion season to Warsaw will not open for a month.

Charley Taylor, a machinist at the Bass works, is on the sick list to-day.

William Lerch, a machinist at the Bass works, is taking a vacation to-day.

The Olds wagon and wheel works will pay their employes next Wednesday.

Superintendent of Motive Power F. D. Casanave went to Altoona, Pa., last night.

August Emerick is one of the watchmen at the Lafayette street railroad crossing.

C. E. Munsey, traveling auditor of the Grand Rapids road, was in the city last evening.

The Fort Wayne iron works were closed down yesterday on account of the funeral of Robert Hanna.

Many of the large manufacturing establishments of the city will probably shut down on Memorial day.

Pittsburg passenger train No. 5 was three hours late this morning, on account of a wreck at Canton, Ohio.

Wm. Redding, a carpenter, was killed at Chicago Wednesday, by being run over by an engine on the Fort Wayne road.

Engineer Elkerton, of the Pittsburg road, was killed at Grand Crossing, Ill., Wednesday, by being run over by a train.

The foremen of the Pittsburg shops are looking forward to their annual picnic up the St. Joe, which is to be held the 20th of July.

J. Koch, machinist at the Pittsburg shops, who has been off duty for several weeks on account of a felon on his finger, has resumed work.

B. A. Strawn, a photographer of Marion, Ind., is in the city for a few days. Mr. Strawn used to manage the Hamilton gallery in this city.

Frank Sauerwein, of the Pittsburg blacksmith shops, was married yesterday, to Miss Rogge, and he is in consequence, absent from the works this week.

The Pittsburg shop men will ask Superintendent C. D. Law for their annual excursion to Warsaw this summer. The date, it is thought, will be fixed about July 20.

Conductors L. A. Kanaga and Christian Sauer left to-day to attend the twenty-first annual convention of the Order of Railway Conductors, at Denver, Col. The latter is accompanied by his wife.

The Q. & O. club, an organization which has a large number of Pittsburg shop men in it, turned out in a body, for the first time since its organization, at the funeral of Robert Hanna yesterday afternoon.

President D. W. Caldwell, General Superintendent Lewis Williams and Division Superintendent C. D. Gorham, of the Nickel Plate, were in the city yesterday, going west on a special inspection train.

Treasurer Robert J. Fisher, of the Bass works, paid off the employes of that large establishment to-day. The Bass works has the second largest pay roll in the city, the Pennsylvania company heading the list.

There will be a meeting of the division superintendents of Toledo roads at the Boody house one week from next Saturday at which the interchange of running freight is to be discussed. The Wabash as yet has not abandoned its Sunday trains and it is for the purpose of arranging some plan for the purpose of receieving and delivering freight to and from that road that the meeting is called.

H. W. Ettinger, of Huntingdon, Pa., the new master mechanic of the American Midland shops, at Findlay, has just arrived. He will at once put a force of about forty men to work to build twenty-five cars for the new company. The force of the shop is to be increased as the work progresses. Findlay people are greatly pleased to see matters brightening up regarding the new road and Fort Wayne would like to know something about its great shop project.

Foreman of Engineers A. H. Polhamus, of the Pennsylvania company, went to Delphos, Ohio, this morning with two engines which have been repaired at the Pittsburg shops in this city for the Toledo, Kansas City and St. Louis railroad and turned them over to that company to-day. The locomotives left the Pittsburg shops about 9 o'clock, and the trip to Delphos was made on slow time, one hour and thirty minutes. The first engine, No. 103, was manned by W. S. Heit, engineer, and James Lannigan, fireman, and the other engine, No. 106, by Wm. Tourgee, engineer, and Michael O'Brien, fireman. THE SENTINEL reporter was at the shops when the locomotives pulled out and was invited to accompany them, but did not go. The boys returned this afternoon on a regular train.

The new consolidated company, the American Midland, which has recently taken charge of the New York, Mahoning and Western road, surprised and pleased their patrons on Tuesday by running the first pay car that ever passed over the line, the new company paying up for the last month. The new company is getting their shops at Findlay started, adding new rolling stock, and matters pretaining to the road are brightening up considerable.

J. W. Knapp, agent of the Wabash road at Huntington, was in the city this morning, on his return from Guthrie, I. T., where he had a lot staked out in the center of the city. He reported everything as quiet out there and said the new settlers, as a general thing, were quiet, peaceable citizens and he anticipated no serious trouble at Guthrie. The lots in the center of the city, he said, were selling at $600 and $800 and were in demand at those prices.

The funeral of Mr. Robert Hanna, the foreman at the Fort Wayne iron works, at the Baptist church yesterday afternoon, was one of the largest held in the city for some time. The City band headed the Knights of Pythias, under whose auspices the funeral was, and the order marched in a body to Lindenwood, where the interment took place. The employes of the Fort Wayne iron works were also in the procession, which was a long one. Pastor Northrop conducted the services at the church and the grave.

Mr. James A. Wright, of Philadelphia, addressed the Knights of Labor at the circuit court room last evening, on the aims and objects of the order. He had a small audience, but his address was a magnificent one. He argued in favor of shorter hours for the workingmen and against the accumulation of large landed estates by single individuals or corporations. A remedy of these two evils, he said, was the solution of the labor question. Shorter hours would increase the need for more workers and a division of the lands would enable each to earn a livelihood, which the earth owed to every one of its inhabitants. His speech abounded with good points for the order and was well received by those present.

A CARD TO PHYSICIANS AND HOUSEKEEPERS.

Food Cooked in Pure Air.

As the flesh which we eat is to become the flesh of our bodies, it behooves us to have our food cooked in a proper manner, so as to save all the vital part, which is the juice, what we live off of. There is not a cooking stove or range made, (except the Charter Oak, with the wire gauze oven door) but what the loss in the weight of food cooked is fully 40 per cent. To overcome this loss, Mr. Giles F. Filley, of St. Louis, has an invention which applied to the oven of cooking stoves or ranges, permits 125 inches of air to enter the oven at all times, so that the food is cooked in pure air, instead of the dry hot vitiated air like in the oven of the common cook stove. This air saves a third of the fuel and all the loss or shrinkage that takes place in a tight oven. Take a ten pound sirloin roast, cook it in a tight oven and when done it will weigh about six pounds. Cook it in a Charter Oak Stove with wire gauze oven doors, it will weigh from nine and one-fourth to nine and one half pounds and no basting required, showing a large saving in weight and you have just 100 per cent. more juice. Broiling is done in the oven without smell, smoke or turning. Steaks cooked in five minutes—top and bottom at the same time, using the round steak, and it will be more juicy than tenderloins cooked over the coals. Bread will be a quarter larger, keep forever and never mould. Eggs are boiled in the oven without water. A Charter Oak Stove, with this wonderful invention, will be in operation and on exhibition Saturday, May 11, at H. J. Ash's, No. 9 East Columbia street.

THE BALD KNOBBERS!

The Execution of the Three Noted Criminals at Ozark, Mo., To-Day.

OZARK, Mo., May 10.—The three Bald Knobbers were executed at this place to-day. All three men were calm and did not seem to be at all awed by their approaching doom.

The offense for which they were hung was the killing of William Eider and Charles Green, on the night of May 10, 1887. Nineteen of the gang went to the houses of these men and shot them because they condemned the acts of Bald Knobbers. The trial, conviction and subsequent history of the arrested men will be recalled by newspaper readers.

Upon the scaffold a short prayer was delivered by Rev. T. B. Horn, after which all joined in singing a hymn. Then a selection from the Bible was read, another prayer by Rev. Thomas Hanks, and the black caps were drawn, and the noose adjusted. John Matthews then said he had nothing to add to what had been said; he was there but took no part in the crime.

At 9:58 the drop fell. John Matthews was praying as he fell. The stretch of the rope let all fall to the ground. The rope broke and Bill Walker fell upon the ground,

He talked for three minutes, when he was taken up by the sheriff and deputies on the scaffold. Dave Walker was drawn up and died in fifteen minutes. Matthews lived about thirteen minutes and died with his feet on the ground.

The scene was horrible in the extreme. Matthews and Dave Walker were cut down at 10:10. The trap was again adjusted and Bill Walker lifted hopless and groaning and gurgling and almost inestable, the rope again adjusted and the trap sprung. The descent came to a sudden stop with his feet fully thirty inches from the ground and he died without a struggle.

None of the condemned men had reached their fiftieth year, and Bill Walker was not yet twenty.

The criminals executed were David Walker and his son Bill, and John Matthews. The latter escaped from jail last December and afterwards returned and gave himself up, but his nephew who escaped with him is still at large.

STRIKING MINERS.

A Conflict With the Soldiery at Berlin and Several Miners are Killed.

BERLIN, May 10.—Last night a fight occurred at Rochum, between the striking miners and soldiers. Two miners were killed and many wounded. Three miners were killed and several wounded to-day in a conflict with the soldiers at Brockel, Westphalia. The strikers had gathered in a large body and refused to disperse when ordered. The soldiers thereupon fired on them.

A Mine Disaster.

POTTSVILLE, Pa., May 10.—Last evening, at the Kaska William colliery, while the cage containing ten miners was ascending a shaft, it struck an empty car and was shattered to pieces. All the occupants of the cage were instantly killed.

No Imitation Butter or Cheese.

HARTFORD, Conn., May 10.—The Connecticut senate yesterday finally passed a bill prohibiting the manufacture or sale of oleomargerine colored in imitation of butter and also prohibiting the sale of imitation cheese.

The Option Bill.

ST. LOUIS, May 10.—General Francis late last night signed the grain option bill, which thus becomes a law. The bill virtually prohibits all dealing in grain options unless the parties dealing in such options actually own the grain.

A Brutal Prize Fight.

WILKESBARRE, Pa., May 10.—Louis Jester, the Ohio pugilist, and Harry Umlap, of New York, fought ten rounds in a ring at Buttermilk Falls, this morning, for a purse of $500. Jester was beaten.

A Circus Man Killed.

WASHINTGON, May 10.—John M. Bainbridge, one of the employes of Forepaugh's circus, was killed about midnight last night, while the workmen were taking down the big tent.

A Bad Fire.

HOZELTON, Pa., May 10.—No. 3 breaker, owned and operated by A. Parsons & Co., was destroyed by fire yesterday afternoon. The 300 men had a narrow escape. Loss $50,000.

Killed Himself.

DETROIT, Mich., May 10.—D. E. Cady, of Auburn, N. Y., shot and killed himself in room 73 of the Russell house, last night.

The Entertainment Given by the Young People of the Second Presbyterian Church.

The young people of the Second Presbyterian church gave a very interesting entertainment last evening at the City Y. M. C. A. hall. A large crowd was in attendance and the affair netted the church a handsome sum of money. Refreshments were served and a musical program was rendered that delighted all present.

The unique word writing contest, gotten up by Miss Mary Smyser, was one of the features of the evening. The first prize was a tie between Miss Birdie Richey and Mr. G. R. Hench, but the latter gallantly withdrew, and the honors were given to Miss Richey.

In the musical program the Misses Sadie Valentine and Nina Sturgis, two accomplished young ladies of Bluffton, sang beautiful solos and were encored at each appearance. The ladies have sweet voices and their captivating manners and musical abilities won them high praise last evening.

The booby prize was carried off by Master Harry Dotez. The other features of the program were interesting and the entertainment was a decided success in every particular.

OH! FOR A HOME AT DENVER!

The Warmest Day in Eighteen Years at New York and Two Inches of Snow at Denver.

NEW YORK, May 10.—To-day is the warmest 10th of May in eighteen years. All records fail to show that on any previous 10th of May within the period named that the temperature reached 85 degrees by noon, as it did to-day.

The weather officers are puzzled at the peculiar meterlogical condition that prevails. Storms, according to their calculations, should be raging where clear skies prevail. In places where it was warm to an uncomfortable degree yesterday, it was snowing to-day.

At points within only a few hundred miles of each other this morning the temperature has varied from below freezing to summer heat. At 8 o'clock this morning nearly two inches of snow had fallen at Denver, Col.

In Wyoming snow fell nearly all night.

Two hundred miles to the northeast of Denver the temperature was 76°. In the lake regions, where it is fashionable to wear furs and seal skin sacques till June, the weather was as warm as at Key West.

Both regions had clear skies and even temperatures of 70 degrees. Sergeant Dunn, stationed on the top of the Equitable building, was called on by a United Press reporter with regard to the unusual weather and the sergeant said:

"It is very remarkable, at this time, for between May 8 and 14, we usually have a cold spell, or blossom storms. This season we undoubtedly got the cold many weeks earlier than usual, and this section of summer followed. We have had no rain for eighteen days, and I am afraid the crops will suffer severely unless rains are in sight. No heavy rains are in sight."

HOW IS THIS?

Presidential Postmasters Will Serve Their Full Time.

WASHINGTON, May 10.—Postmaster General Wanamaker said to Congressman Williams, of Ohio: "As far as the presidential postoffices are concerned, I wish to say that a rule has been made that the present incumbents will be allowed to serve out their four years to date from the time of their appointment." As many of the presidential appointments were held up by the senate for a long time, some of them nearly two years, this is a most important ruling.

Anti-Tammanyites Get Left.

NEW YORK, May 10.—Seven hundred laborers employed by the department of public work were discharged to-day by the new commissioner. They were all county democrats and it is proposed to fill their places with Tammany men. Martin J. Keese, the keeper of the city hall, was also notified that his services were not required. He at once entered a protest. He has been the keeper of hall for several years. He is an anti-Tammanyite.

FACTS.

It is a fact that any American or foreign-born citizen of Fort Wayne can for the sum of one dollar and eighteen cents buy a pair of ladies' fine dress, button shoes that would cost them, elsewhere, a dollar and a half, or a gent's fine, seamless, sewed, nobby style, dress shoe for a dollar and a half, that is a saving of at least fifty cents, or, in fact, on any sort or kind of shoe for man, woman or child, they can save from twenty-one cents to one dollar and thirteen cents by buying where nearly everybody buys, and that is at the Massachusetts shoe company. It is popular because prices are always lower and goods are always found just as represented.

COLONEL ROBERTSON!

The President Will Appoint Him as One of the Members of the Utah Commission.

Ex-Lieutenant Governor Robertson, of Fort Wayne, will likely succeed Judge Carleton, of Terre Haute, and ex-Senator Saunders, of Nebraska, has been practically agreed upon for one of the other places on the commission. The selection of Colonel Robertson will be especially gratifying to his friends in Indiana, and he will fill the position with great credit. There are five commissioners and they each receive $5,000 a year.

The Weather To-day.

Wasn't it warm? And wasn't it oppressively sultry this morning! Truly our season is a remarkable one. The person who had the fewest clothes on was certainly the happiest and most comfortable. But however scarce ones clothing may be it ought to be good. The store of the "Original Pole," 52½ Calhoun street, is prepared to show a complete stock of goods for warm weather wear, and is offering them at bargains that the public cannot afford to lose. The line of pantaloons and summer coats and vests are in the latest patterns, and are nobby. Mr. Morgenthaler has decided to dispose of his stock at bargain prices, rather than carry over goods.

A Cure for Dyspepsia.

All meats, fish, vegetables and fruits contain over three quarters water. This is the vital part—just what we live off of. To have them cooked in a tight oven is to lose nearly one-half of their jtiice, but by having them cooked in a Charter Oak Stove with the wonderful wire gauze oven doors, the meats, fish, vegetables and fruits not only retain all their vital parts of juice, but are cooked in pure air entering the oven at all times, and not in the hot, dry or vitiated air, as in the oven of a common cook stove. A Charter Oak Stove with the wonderful wire gauze oven door will be on exhibition and in operation from 10 a. m. to 6 p. m., Saturday, May 11, at H. J. Aeh's Stove Store, 9 East Columbia street.

SHE'S A HUMMER!

The above cut represents the HOWARD FURNACE, which obtains by its construction, advantages over all others. It is the most Scientific, Practical and Simple heater yet produced. It has the largest radiating surface, wherein the heat is circulated around and contained in the furnace instead of passing directly into the chimney. This furnace does not burn over one ton of coal a month in the coldest weather and in some instances less. This furnace will also heat by means of hot water, thereby reaching distant rooms where hot air cannot. It is low down and can be set in the lowest cellar and still allow hot air pipes to be taken from the top instead of the side of the casting as in all other furnaces. CHICAGO has annexed three suburbs within a week, and this gives the city an increase of 70,000 in its population. The idea is to make a showing for the census.

ALL over Indiana last Tuesday the mayors were elected on reform issues. The demand is widespread for an honest enforcement of the laws and a suppression of public vices.

JAMES F. MORRISON, a former Fort Wayne attorney, was defeated for mayor of Kokomo last Tuesday by twenty-seven votes. All the rest of the republican ticket was elected.

SPEAKING of the city of Fort Wayne, and the recent election, the Indianapolis *Sentinel* says: "It is one of the best governed cities in the country, and, what is more, is always democratic."

MR. JOHN N. SCOTT, of Indianapolis, has been appointed superintendent of construction of the new custom house to be built at Port Townsend, W. T. His salary is $6 per day, and he, too, is a brother of Mrs. Harrison.

SENATOR GORMAN declines the chairmanship of the democratic national committee and says that Mr. Calvin S. Brice will be elected to the vacancy. Senator McPherson, of New Jersey, is also mentioned for the honor.

PROF. JOHN COLLETT has been appointed state geologist by Governor Hovey. The appointment means that, if the governor has the power, Prof. S. Gorby, who was elected by the legislature, is ousted from the office. The question will be finally settled in the courts.

THE finest hospital in the world is to-day in Baltimore. It was built and endowed from the savings of a Quaker merchant named John Hopkins, who held through life that his wealth was a sort of sacred stewardship. He accumulated money for the benefit of humanity and his name will live in history.

THE farmers are complaining bitterly of the low price of wool. Last year the eastern dealers sent out circulars attributing the stagnation in the wool market to the Mills bill, while they and local dealers reaped fortunes under the false pretense. Some reason other than the Mills bill will have to be invented this year. We suggest a failure of the peach crop or some other cause as potent.

BY AN act of the last legislature, a law was passed establishing a board of children's guardians in every city, and defining their duties and powers. Such board is appointed by the circuit court, to serve without compensation. It is the duty of the board to take under their care "children abandoned, neglected, or cruelly treated by parents, children begging on the street, children of habitually drunken or vicious parents, children kept in vicious or immoral associations, and juvenile delinquents and truants." It is necessary, in order to carry out the provisions of this act, that the board employ an agent, whose duty it shall be to investigate cases under their consideration, to serve writs, to collect evidence and perform such other services as may be required of him in looking after these children. Such agent must be a capable person whose time is at the disposal of the board, and worthy a good salary. It is also necessary that a house be rented, furnished, and provided with a matron where such children may be temporarily kept until a final and permanent disposition be made of them. Most of the cities in Indiana are are availing themselves of this measure.

A Chinese theatrical troupe has been organized at Portland, Ore., to make a tour of the United States.

ROME CITY.

The Gossip of Local Interest Up There.

The Rome City correspondents of the Kendallville *News* have this gossip:

James P. Chapman, of our city, sent a choice pike, weighing twelve pounds, to J. F. W. Myer, of Fort Wayne.

Captain White, of Fort Wayne, was the recipient of a fine pike from the hands of our townsman, Rev. J. S. Jones, last week. To all gossipers this has not the least significance towards the postoffice appointment.

John Lane, who is employed by the Fort Wayne Painting company, visited our place and was soon introduced to the puglistic science by one of the boys. John doesn't like the art.

Some of the fellows are not so loud on the postoffice question since they have ascertained that Captain White, of Fort Wayne, is to control the appointments. Soldiers to the front, says Captian White; citizens to the rear, where you stood during the war. Captain White has made some pledges, but always to the men who bore the brunt and heat of battle and served their country faithfully. We admire him for his position taken. How could he do otherwise and be consistent? Soldiers, stand firm to your pledges.

That Tired Feeling.

Afflicts nearly every one in the spring. The system having become accustomed to the bracing air of winter, is weakened by the warm days of the changing season, and readily yields to attacks of disease. Hood's Sarsaparilla is just the medicine needed. It tones and builds up every part of the body, and also expels all impurities from the blood. Try it this season.

Was a Success.

SANTA BARBARA, Cala., May 9. The trial trip of the United States cruiser, Charleston, was a decided success.

The Eighth Wonder of the World.

The errors of fifty years corrected. A revolution in cooking. A public exhibition will be given of the Charter Oak Stove with the wonderful wire gauze oven door, at H. J. Ash's Stove Store, 9 East Columbia street, Saturday, May 11, from 10 a. m., to 6 p. m. This oven will broil steak in three minutes, and bake biscuits in five minutes. Bread will be one-quarter larger, keep forever, and never mold. Saves all the loss and shrinkage in cooking meats. No basting required. This oven absolutely saves all the labor in cooking, using 33⅓ per cent. less fuel than the common cook stove. A ten-pound roast cooked in an ordinary oven will weigh when cooked six pounds. The same cooked with wire gauze oven door will weigh nine and one half pounds.

Which has the tears of countless millions dried.

JOLIET, ILL.

J. M. LOOSE RED CLOVER CO.—I purchased a box of your Red Clover Pile Ointment of F. P. Goliday, at this place, after using various other ointments without effect. I used several applications of the Red Clover Ointment and have not had any trouble since. I now believe I am permanently cured. My case was not one of the worst, but I have suffered with them over a year, and bled so much I became greatly reduced in flesh. Your ointment acted miraculously, and I am only too glad to speak to the many sufferers of this painful disease. If it cures all who use it as quickly as it did me, you will sell a great deal of it. But I am convinced your Pile Ointment was made to cure, and not like the many others I have tested, to defraud. It is a pleasure to me to say, the Red Clover Pile Ointment has been a priceless blessing to me, and I know it will prove such to others who will try it.

Respectfully, I. V. PARK.

ARCH BISHOP WALSH

Testifies Before the Parnell Commission To-day.

Three days is a very short time in which to cure a bad case of rheumatism; but it can be done, if the proper treatment is adopted, as will be seen by the following from James Lambert, of New Brunswick, Ill.: "I was badly afflicted with rheumatism in the hips and legs, when I bought a bottle of Chamberlain's Pain Balm. It cured me in three days. I am all right to-day; and would insist on every one who is afflicted with that terrible disease, to use Chamberlain's Pain Balm and get well at once. For sale by George H. In this you find the only cure."

A Perfect Laxative

should be mild, prompt, and pleasant, with no griping or purgative effects. It should also incite the liver to action, aid digestion, and relieve the kidneys. Like nothing else, Paine's Celery Compound is a perfect laxative, and cures constipation where all other remedies fail.

"As a gentle laxative, Paine's Celery Compound is surely without a peer. I think I ought to know, since I have tried remedy after remedy for about five or six years and have found nothing that equals it in my case of costiveness." J. E. JENKINS, Teacher, Cloyd's Creek, Tenn.

"Paine's Celery Compound is prompt and pleasant. As a laxative it leaves little to be desired. I have great confidence in its merits." ALBERT LEONARD, *Associate Editor, Journal of Pedagogy*, Athens, Ohio.

"For two or three years I suffered intensely every night with severe pains in my bowels, which were habitually constipated. My bowels are now regular, and I have had no return of those pains since using one bottle of

ARTISTIC DECORATION OF WALLS AND CEILINGS!

We can show you finer WORK than any firm in the city, and more of it than all others put together. When we complete a handsome piece of decorating, the would-be decorators send up their voices in the cry, "me too," "me too," and then try to copy our work. Imitation is the sincerest flattery, but it takes time even to imitate. Hence, they give you now the style of paper and decorating we did last year. We give you new styles and charge no more than parties who try to learn the art of decorating at your expense, by experimenting on your work.

Johann Hoff's Malt Extract,

THE BEST NUTRITIVE TONIC

FOR

Dyspepsia, Indigestion, Nursing Mothers, the Weak and Debilitated.

Put up in this style of Bottles only. I have used Johann Hoff's Malt Extract for the past five years in my private practice and have found it to be the best health restoring beverage and tonic nutritive known. I have found it especially good for persons convalescing from fever, in cases of dyspepsia, for mothers nursing, and in cases of weakly children, and also in lung troubles. My attention was drawn by the immense importation semi-monthly, and about a million of bottles imported by you have passed my inspection in the Custom House satisfactorily for the past five years.

Yours respectfully,

LONG LIFE.

There is nothing in the world more generally desired than long life, yet the majority of people put off caring for their health—not because they are really careless, but because we live our lives at such a pace we have not time to give the subject sufficient thought until we receive a reminder in the shape of a severe illness.

Then, too, we are constantly bewildered by the various schools of medicine, and the physicians who represent them, and often blunder in our choice of a doctor.

If people only knew that the very best health-keeper, life-preserver and disease preventer that has yet been discovered, is simmered down into a concentrated and very palatable form in the shape of New Style Pleasant Taste Vinegar Bitters, they would not hesitate a moment to try it.

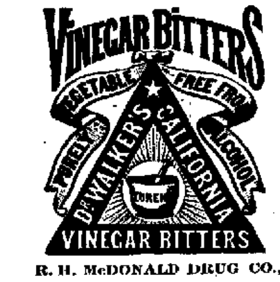

But they do not know. How can they know, when so many not only worthless, but positively injurious drugs are constantly flooding the market under various names and guises, that the New Style Vinegar Bitters is as bad as any of them?

They do not know, of course, unless they have the courage to try the New Style. It straightens out a tangled-up system in a very short while, and those who buy it once buy it always.

Why don't you try it, reader? It is sent out by a responsible house, and is exactly as represented. It costs but a dollar for a very large bottle. Try it once and you will never be so glad of anything in your life. Your druggist may not have it, but he will order it for you. Be sure it says New Style Pleasant Taste on carton and bottle before you take it. Try it, and you will feel happier than if you had found a gold mine, for it really is a mine—of health.

Free from alcohol and opium; composed of expensive herbs and roots, with fine, delicate flavoring.

The newspapers are the great educators of this nation. The strength of the nation lies in the purity of its firesides.

FRIDAY, MAY 10, 1889.

FRIDAY'S FACTS

In the Way of News as Our Reporter Finds Them Around the Busy Centers.

The excursion season to Warsaw will not open for a month.

Charley Taylor, a machinist at the Bass works, is on the sick list to-day.

William Lerch, a machinist at the Bass works, is taking a vacation to-day.

The Olds wagon and wheel works will pay their employes next Wednesday.

Superintendent of Motive Power F. D. Casanave went to Altoona, Pa., last night.

August Emerick is one of the watchmen at the Lafayette street railroad crossing.

C. E. Munsey, traveling auditor of the Grand Rapids road, was in the city last evening.

The Fort Wayne iron works were closed down yesterday on account of the funeral of Robert Hanna.

Many of the large manufacturing establishments of the city will probably shut down on Memorial day.

Pittsburg passenger train No. 5 was three hours late this morning, on account of a wreck at Canton, Ohio.

Wm. Redding, a carpenter, was killed at Chicago Wednesday, by being run over by an engine on the Fort Wayne road.

Engineer Elkerton, of the Pittsburg road, was killed at Grand Crossing, Ill., Wednesday, by being run over by a train.

The foremen of the Pittsburg shops are looking forward to their annual picnic up the St. Joe, which is to be held the 20th of July.

J. Koch, machinist at the Pittsburg shops, who has been off duty for several weeks on account of a felon on his finger, has resumed work.

B. A. Strawn, a photographer of Marion, Ind., is in the city for a few days. Mr. Strawn used to manage the Hamilton gallery in this city.

Frank Sauerwein, of the Pittsburg blacksmith shops, was married yesterday, to Miss Rogge, and he is in consequence, absent from the works this week.

The Pittsburg shop men will ask Superintendent C. D. Law for their annual excursion to Warsaw this summer. The date, it is thought, will be fixed about July 20.

Conductors L. A. Kanaga and Christian Sauer left to-day to attend the twenty-first annual convention of the Order of Railway Conductors, at Denver, Col. The latter is accompanied by his wife.

The Q. & O. club, an organization which has a large number of Pittsburg shop men in it, turned out in a body, for the first time since its organization, at the funeral of Robert Hanna yesterday afternoon.

President D. W. Caldwell, General Superintendent Lewis Williams and Division Superintendent C. D. Gorham, of the Nickel Plate, were in the city yesterday, going west on a special inspection train.

Treasurer Robert J. Fisher, of the Bass works, paid off the employes of that large establishment to-day. The Bass works has the second largest pay roll in the city, the Pennsylvania company heading the list.

There will be a meeting of the division superintendents of Toledo roads at the Boody house one week from next Saturday at which the interchange of running freight is to be discussed. The Wabash as yet has not abandoned its Sunday trains and it is for the purpose of arranging some plan for the purpose of receiving and delivering freight to and from that road that the meeting is called.

H. W. Ettinger, of Huntingdon, Pa., the new master mechanic of the American Midland shops, at Findlay, has just arrived. He will at once put a force of about forty men to work to build twenty-five cars for the new company. The force of the shop is to be increased as the work progresses. Findlay people are greatly pleased to see matters brightening up regarding the new road and Fort Wayne would like to know something about its great shop project.

Foreman of Engineers A. H. Polhamus, of the Pennsylvania company, went to Delphos, Ohio, this morning with two engines which have been repaired at the Pittsburg shops in this city for the Toledo, Kansas City and St. Louis railroad and turned them over to that company to-day. The locomotives left the Pittsburg shops about 9 o'clock, and the trip to Delphos was made on slow time, one hour and thirty minutes. The first engine, No. 103, was manned by W. S. Heit, engineer, and James Lannigan, fireman, and the other engine, No. 106, by Wm. Tourgee, engineer, and Michael O'Brien, fireman. THE SENTINEL reporter was at the shops when the locomotives pulled out and was invited to accompany them, but did not go. The boys returned this afternoon on a regular train.

The new consolidated company, the American Midland, which has recently taken charge of the New York, Mahoning and Western road, surprised and pleased their patrons on Tuesday by running the first pay car that ever passed over the line, the new company paying up for the last month. The new company is getting their shops at Findlay started, adding new rolling stock, and matters pretaining to the road are brightening up considerable.

J. W. Knapp, agent of the Wabash road at Huntington, was in the city this morning, on his return from Guthrie, I. T., where he had a lot staked out in the center of the city. He reported everything as quiet out there and said the new settlers, as a general thing, were quiet, peaceable citizens and he anticipated no serious trouble at Guthrie. The lots in the center of the city, he said, were selling at $600 and $800 and were in demand at those prices.

The funeral of Mr. Robert Hanna, the foreman at the Fort Wayne iron works, at the Baptist church yesterday afternoon, was one of the largest held in the city for some time. The City band headed the Knights of Pythias, under whose auspices the funeral was, and the order marched in a body to Lindenwood, where the interment took place. The employes of the Fort Wayne iron works were also in the procession, which was a long one. Pastor Northrop conducted the services at the church and the grave.

Mr. James A. Wright, of Philadelphia, addressed the Knights of Labor at the circuit court room last evening, on the aims and objects of the order. A remedy of these two evils, he said, was the solution of the labor question. Shorter hours would increase the need for more workers and a division of the lands would enable each to earn a livelihood, which the earth owed to every one of its inhabitants. His speech abounded with good points for the order and was well received by those present.

A CARD TO PHYSICIANS AND HOUSEKEEPERS.

Food Cooked in Pure Air.

As the flesh which we eat is to become the flesh of our bodies, it behooves us to have our food cooked in a proper manner, so as to save all the vital part, which is the juice, what we live off of. There is not a cooking stove or range made, (except the Charter Oak, with the wire gauze oven door) but what the loss in the weight of food cooked is fully 40 per cent. To overcome this loss, Mr. Giles F. Filley, of St. Louis, has an invention which applied to the oven of cooking stoves or ranges, permits 126 inches of air to enter the oven at all times, so that the food is cooked in pure air, instead of the dry hot vitiated air like in the oven of the common cook stove. This air saves a third of the fuel and all the loss or shrinkage that takes place in a tight oven. Take a ten pound sirloin roast, cook it in a tight oven and when done it will weigh about six pounds. Cook it in a Charter Oak Stove with wire gauze oven doors, it will weigh from nine and one-fourth to nine and one half pounds and no basting required, showing a large saving in weight and you have just 100 per cent. more juice. Broiling is done in the oven without smell, smoke or turning. Steaks cooked in five minutes—top and bottom at the same time, using the round steak, and it will be more juicy than tenderloins cooked over the coals. Bread will be a quarter larger, keep forever and never mould. Eggs are boiled in the oven without water. A Charter Oak Stove, with this wonderful invention, will be in operation and on exhibition Saturday, May 11, at H. J. Ash's, No. 9 East Columbia street.

To the City Council.

My name will be presented as a candidate for the office of street commissioner of the city of Fort Wayne. I have been connected with public buildings and works ever since I was fifteen years of age. I know all the duties of street commissioner and feel that I can keep the streets in better shape, for the amount of money now expended, than they are at present. I am a hard-working, sober and industrious man and am not afraid to take hold of the shovel myself. I kindly ask your votes.

Yours, very respectfully,
JAMES FOX.
